

Roboto Sans

Web Exploitation

Description:

The flag is somewhere on this web application not necessarily on the website. Find it.

Solution:

```
User-agent *
Disallow: /cgi-bin/
Think you have seen your flag or want to keep looking.

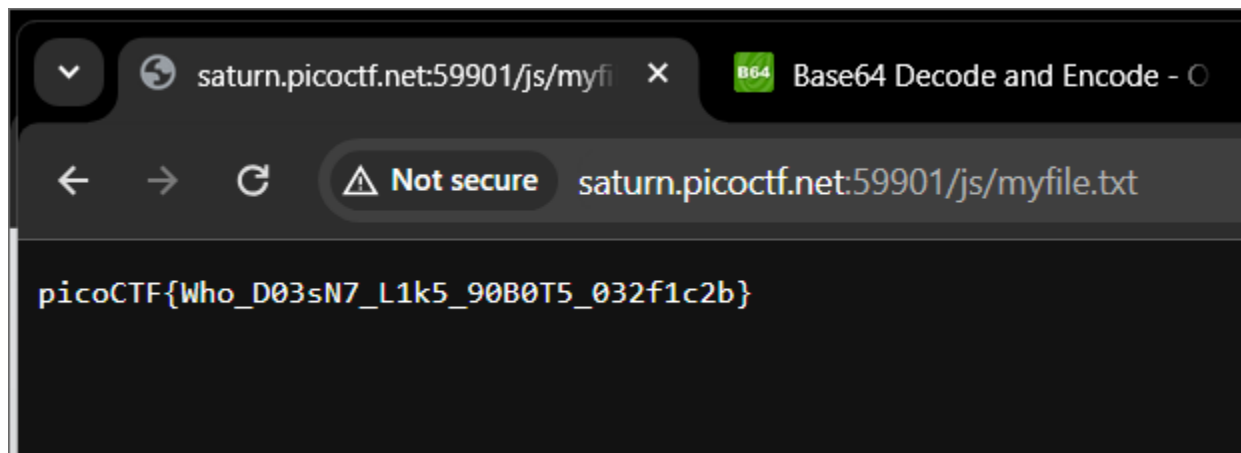

ZmxhZzEudHh0;anMvbXlmaW
anMvbXlmaWxlLnR4dA==
svsshjweuiwl;oiho.bsvdaslejg
Disallow: /wp-admin/
```

- 1) We look at the robots.txt file and we see what looks like base64 encoded text.
- 2) When decoded we are given the path of the flag.

anMvbXlmaWxlLnR4dA==

js/myfile.txt

- 3) We find the flag at the location js/myfile.txt

Flag:

picoCTF{Who_D03sN7_L1k5_90B0T5_032f1c2b}
