# Shark on wire 1

Forensics

Description

We found this packet capture. Recover the flag.

Hints:

1) Try using a tool like Wireshark
2) What are streams?

Solution:

1) Open the file in wireshark.
2) We are interested in UDP and TCP protocols so we need to check them out in this file.
3) Go to the UDP protocols -> follow -> UDP Stream to find the information.

4) You find the flag in one of these protocols.
